

# PLAYERS NEEDED FOR NEW STUDY ON OVERUSE INJURIES IN GAELIC FOOTBALL:

## Details:

- ❖ As part of my Masters course in Physiotherapy, I'm studying overuse injuries in Gaelic football players
- ❖ If you're male, aged 18 or over, and playing Gaelic football this year, please consider taking part in this study
- ❖ It would involve filling out a quick online questionnaire each week during the 2018 season. It can be done on a computer/phone/tablet. It should only take a few minutes each week, and would be very useful to improve our understanding of overuse injuries in Gaelic football
